Hamid Azimy

Canadian Institute for Cybersecurity,
University of New Brunswick,
Fredericton, NB, Canada
hamid.azimy@gmail.com

EDUCATION

University of New Brunswick, Fredericton, Canada
PhD in Computer Science   May 2017 - Present
Supervisor: Dr. Ali Ghorbani

University of Tehran, Tehran, Iran
MSc in Machine Intelligence and Robotics   Sep 2012 - Aug 2015
Thesis title: "Link Prediction in Weighted Networks"
Supervisor: Dr. Masoud Asadpour
Cumulative GPA: 15.53 / 20.00

Iran University of Science and Technology, Tehran, Iran
BSc in Software Engineering   Sep 2007 Sep 2012
Thesis title: "Distributed AI in Video Games"
Supervisor: Dr. Behrooz Minaei
Cumulative GPA: 14.16 / 20.00

RESEARCH INTEREST

Cybersecurity
Artificial Intelligence
Machine Learning
Computer Networks
Data Mining
Social Network Analysis

RESEARCH EXPERIENCE

- Conducted research on Link Prediction in Weighted Networks as Master of Science thesis under supervision of Dr. Masoud Asadpour (summer 2013 to summer 2015)
- Conducted research on Link Prediction in Complex Networks as Social Networks Analysis course project (fall 2012)
- Conducted research on using distributed artificial intelligence techniques in video games as Bachelor of Science thesis (2012)
